

Langdon College is committed to offering students an inclusive, multifaceted and extended curriculum.

### News

This week we have received the fantastic news, we have been granted funding from the Ian Karten Charitable Trust. The funding will be used to enhance the London Campus supportive learning environment with adaptive computer technology and IT equipment in preparing learners for the world of work. We would like to thank the Karten Network for this opportunity, and we look forward to updating you all on the positive impact of learning.

Horizon 2020 Partner

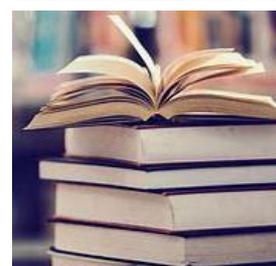

### Pesach Preparation

Rabbi Lister visited Langdon College London this week when staff and learners were delighted to welcome him back. The learners participated in a hunt for chametz around the premises with tealights on saucers. Rabbi Lister then talked through the process of selling chametz to non-Jews and finished off with burning some chametz in the paved area outside. All the learners enjoyed the session. Thank you, Rabbi Lister!

### The Travelling Words

Langdon Manchester campus can announce the new book project name 'The Travelling Words'. The Travelling Words is a book selling and community-based venture, aiming to set up an online book shop to enhance and develop business enterprise skills and to run community reading and book giving events at places, such as schools and nursing homes.

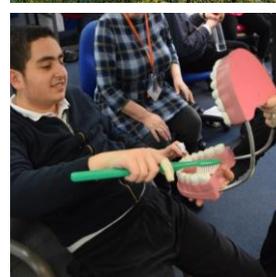

The venture is in its early days, but the learners are thoroughly enjoying the rhythm and routine of book scanning, organisation and collecting donations. We have already successfully donated a box of books to a local primary school. We would like to thank everyone who has donated so far, it is greatly appreciated. Please remember all books donated are required to be in a good condition and we are currently unable to take Jewish festival and prayer books. We offer a book collection service within a 2-mile radius from the Manchester campus.

### Enterprise- LC Print

Thank you everyone for your support and purchases on our Mishloach Monat wine gift bags. We sold total of 12 bags directly via email and through our online Etsy account. The learners spoke to customers, processed, packaged and posted the bags. We have received feedback to design a Shabbos wine bag, so watch this space, this will be for sale soon. Product design ideas are greatly appreciated at [lcprint@langdoncollege.ac.uk](mailto:lcprint@langdoncollege.ac.uk)

### Dental Hygienist

This half term Manchester had a visit from a Dental Hygienist to discuss the importance of a healthy diet and teeth brushing routine. The learners took part in an interactive talk learning session about the function and necessity of good teeth health. The learners took away a goodie bag of brushes, toothpaste and 2-minute timer which they have been putting to good use.

If you wish to find out more information about our 16-24 year old specialist learning programme look online at [www.langdoncollege.org](http://www.langdoncollege.org) or contact:
